TREACHER'S GINGER ALE,

A SACCHARINE AERATED WATER OF SPARKLING BRILLIANCE,

IS highly aromatic, pleasingly pungent to the palate, and delightfully refreshing as a beverage for tropical climates.

The various ingradients composing this popular drink are proportioned to a nicety, and the utmost care and cleanliness (as with all our Aerated Waters) are exercised in its production.

PURE WATER, PURE INGREDIENTS, SKILLED LABOUR,

And well constructed and suitable apparatus driven by powerful steam machinery are at our command, combined with the Factory being under the supervision of a talented Chemist, through whose experience and knowledge we hope to maintain the high reputation so long enjoyed by the Company for their other Aerated Waters.

Cash Rs. 1-8 per dozen (bottles extra).

SPARKLING VIVONE
(REGISTERED.)

THE striking and sustained success of this Beverage, which has at once assumed the lead among the new Phosphic drinks, was inevitable, and is to be attributed largely to the fact of its being a Grape Juice. In this natural character it stands apart, appealing to a taste which is innate in mankind, and it comes to us commended alike by nature and by therapeutics. Increased experience confirms the opinion that, as an adjunct to the diet and as a habitual beverage, it is without equal. In sickness, in health, in solitude, in society, it is more than acceptable. Vivone will soon become a simple necessity.

Dozen Rs. 3. Two dozens, with case, Rs. 6-8.

DRUGGISTS' SUNDRIES OF ALL KINDS,
FOR JULY, 1881,
Sent Free on receipt of Professional or Business Card.

IN the above we have endeavoured to meet the requirements of our Medical Friends and Constituents throughout India, to whose notice and that of the Profession generally we submit the following considerations :—

Through our London Agency we are in a position to avail ourselves of all favourable fluctuations in rates, and of personal selection in the best markets.

Many Chemicals and Pharmaceutical Preparations heretofore imported are now prepared in our own Laboratory, ensuring purity, freshness, and reduction of rates.

The rates will be found very moderate, and indents for large quantities will meet with liberal reductions.

Our Staff and other resources are such as to enable promptitude of execution and despatch of all indents entrusted to us.

COMMERCIAL INTELLIGENCE

SATURDAY EVENING, JULY 9.

THE news that the Paris Conference has terminated with an adjournment till 12th April is almost a relief in one sense, as the daily telegrams, so evidently leading to nothing, had become most unsettling to general business. We are afraid, however, that we must still lay our account for considerable fluctuation in Silver and Exchange when the proposed Monetary Convention comes under discussion in the different countries interested, as whatever opinions the delegates at the Conference may have formed, outside ideas as to the probable ultimate result are of the most divergent character. Here, by far the larger number of people anticipate no favourable outcome, and cheaper Silver and lower Exchange seem generally expected. It is a pity that the Stock Exchange was closed in London to-day, as we are thus unable to perceive the effect the news has already had on the metal.

Yesterday's Stock Exchange quotations showed but slight movements. Consols were unaltered at 101⅛, French Rentes at 120⅜. The 3½ per cent. Indian Loan was ⅛ higher at 103¾. Four per cent. Rupee Paper unchanged at 87, Fours-and-a-half ⅛ lower at 92½. In Indian Exchange Bank shares a rise of 10s. was quoted in Oriental, Mercantile and Hongkong.

In the General Produce markets, Coffee and Cocoanut Oil continue unaltered. Linseed is unchanged for Calcutta qualities, but Bombay on the spot comes 1s. and to arrive 6d. higher. Rapeseed is firm with a partial advance of 3d. Wheat comes steady, and in one or two cases 6d. per quarter higher.

Reuter reports the Manchester Piece-goods market firm with a moderate enquiry, but adds that any attempt to raise prices checks business. Prices are all given the same as quoted on Tuesday last. The statement of the shipments of Piece-goods from U. K. for India during the month of June shows very moderate supplies of all descriptions for Bombay, but for Calcutta the figures continue very liberal.

Cotton in Liverpool yesterday closed steady at unchanged prices, the day's sales being 10,000 bales, of which 500 were Surats: and to-day's market has been firm with transactions of like extent, but Americans are quoted 1-16d. higher on the spot, and 1-32d. up for July-August delivery, although unchanged for November-December.

As we thought at the time, Reuter's sudden advance, when first quoting October shipment in New York the other day, turns out to have been a mistake of 1 cent, the corrected rate yesterday coming 10·33, raised to-day to 10·40 cents. Ready Mid-Uplands keep unaltered at 13-16 cent. per lb.

We subjoin our usual weekly figures, from which it will be observed that the total visible supply (if correctly given) has decreased during the week by 170,000 bales, the Liverpool stock being less by 44,000 bales. Supplies, however, are still far too large to admit of any real scarcity of working Cotton, although possibly a temporary artificial scarcity of tenderable American may again be created by speculative operations about September. This, however, would have but little effect on Surats, the supply of which seems a long way ahead of the demand.

The American Crop figures to date are as follow:—

	1881.	1880.	1879.
Week's Receipts	19,000	12,000	4,300
" Exports to U. K.	18,000	14,000	7,000
" " to Continent	9,000	12,000	5,000
Total Receipts since 1st Sept	5,639,400	4,843,600	4,411,800
" Exports to U. K. "	2,612,600	2,420,000	1,993,700
" " to Continent "	1,690,700	1,268,900	1,384,600
" Stock in the Ports	312,000	257,000	171,000
Saturday's Receipts	3,000	2,200	400

The total visible supply of Cotton for all Europe on the 8th inst. gives the following comparisons:—

	1881.	1880.	1879.
Total supply of all kinds	2,270,000	1,886,000	1,171,630
" " U. K.	527,000	518,810	163,150

For the U. K. only the figures are:—

Stock in Liverpool	838,000	754,750	589,340
" London	44,000	55,130	42,500
American Afloat	90,000	116,000	33,000
E. Indian "	103,000	116,000	183,000
	1,080,000	1,071,880	849,840
Price of Mid-Uplands	6 3-16d.	6 13-16d.	6d.
" Fair Dholleras	4d.	4 15-16d.	5 7-16d.
Difference..	2 3-16d.	1d.	1 7-16d.

EXCHANGE.—Owing no doubt to private information as to the termination of the Paris Conference, in advance of the public telegrams, the banks all opened this morning with a decidedly easier appearance, at a decline of 1-32d., and as the day advanced more anxiety was shown to obtain bills, inducing a further decline of 1-32d. in private paper. The market closes weak at the following figures:—

Bank Bills on demand	1s. 7 11-16d.	per rupee.
Do. telegraphic	1s. 7¾d.	"
Do. 3 months' sight	1s. 7 25-32d.	"
Credits, 3 " "	1s. 7½d.	"
Documents, 3 " "	1s. 7 29-32d.	"
Francs, 3 " "	2 0	"

On Calcutta we still quote demand drafts at par, 60 days' sight at 1-rupeet discount.

Little business was done during the forenoon at Rs. 105 13-16 for Fours and Rs. 113 1-16 for Fours-and-a-half; but during the afternoon a strong desire to sell was manifested, and in the absence of buyers it is difficult to quote exact rates.

SHARES continue to show considerable activity, Banks and Land Companies are unaltered. In Press Companies Berars are quoted Rs. 10, Fort Rs. 25 per share higher. Spinning and Weaving Companies are somewhat irregular. Albert have declined Rs. 50, Bhownugger Mills Rs. 25, Hindustan Rs. 15, and New Great Eastern Rs. 10; but there is an advance of Rs. 50 in Coorla, Rs. 25 in Southern India, and Rs. 10 in Victoria. Bombay Saw Mills are Rs. 10 lower.

COTTON to-day has again been practically a blank so far as regards export business, and with the exception of some purchases for the local Mills, the only business we hear of is some speculative transactions in New Cotton between natives for next season.

In SEEDS the only movement to notice is a decline in Linseed to Rs. 6-4 per cwt. Wheat is firm at previous prices.

FREIGHTS continue practically unchanged. The change in the weather will materially retard shipments while it lasts, which will necessarily be against rates.

PIECE-GOODS are still very quiet, but steady nevertheless, and the very favourable reports from up-country give every prospect of an active season in the future.

COALS are steady with no sellers to arrive at present reduced prices.

MONDAY, JULY 11, 1881.

IT is said the Vaishnavs are prepared to spend fifty lakhs of rupees to get his holiness Goswami Shri Vrijeshjee Vrijnathji Maharaj, of Jamnagar, out of the clutches of the law. But we trust that no influence will be allowed to procure for the Maharaj immunity from adequate punishment for any offence which the British Court that has investigated his case may find him guilty of. Maharaj Goswami Shri Vrijeshjee is in the undignified position, for a god worshipped by thousands of people as above all law, of a prisoner charged with the very unholy offence of receiving stolen goods. Some months ago a banghy parcel containing valuable pearls, which had been sent from Cutch, was stolen from the Jamnagar post-office, and subsequent investigation pointed to the post-master, Dadabhoy Temuljee, and some other post-office officials as engaged in the robbery, and to the Maharaj Shri Vrijeshjee as the receiver of the stol

MEETING OF THE MYSORE COUNCIL.

(FROM OUR OWN CORRESPONDENT.)

BANGALORE, JULY 10.

A meeting of the State Council was held on Friday and lasted over six hours. The subjects under discussion were—the advisability of raising a State loan, the extension of the Provincial system of State railways, and the granting permission to gold-mining prospectors. The Maharaja has decided that his Council meet during eight months of the year for the transaction of business. Recess during April, May, November and January. The following subjects are to be placed before the Council for discussion, and submission of its opinion to the Maharaja :—Measures relating to taxation ; measures relating to legislation ; annual budget estimates ; receipts, expenditure ; annual administration reports of the several departments, appointments, removal of district officers, judges, and of officers of rank superior to them ; remission of judicial sentences ; the prosecution of public servants in cases requiring previous sanction ; local government ; annual budgets department ; public works and questions relating to the organizations of that department ; questions relating to the organization of military force—all other important propositions relating to the internal administration of the Province requiring reference to the Government of India.

THE RAINFALL IN MYSORE.

The rainfall for the fortnight ending June 30th was at Kolar, 1 inch 70 cents ; Tumkur, 15 cents ; Hassan, 15 cents ; Shimoga, 13 cents ; Kadur, 8 cents ; Chitaldroog, 4 cents ; Mescara, heavy rains ; Kadur failure of supply. In Mysore the dry crops are withering ; the prospects are serious. The irrigation channels are dry, and the paddy and sugar-cane crops have been destroyed. Health generally is bad. In Bangalore district prospects are disheartening.

BENGALORE RACES.

The Maharaja has presented a thousand rupees for an extra race open to all English and colonials. The race ball is to be on Wednesday, 5th August. The Madras Native Infantry officers' ball on the same day.

A SIMLA telegram to a contemporary states that a farewell dinner will be given to Sir A. C. Lyall at Benmore, at which Sir R. Egerton will preside.

IT is stated that most likely the late Brigadier Henderson will be succeeded in the command of the 1st Infantry Brigade of the Quetta Field Force by Colonel S. de B. Edwardes, C.B., late Chief Director of Transport for the Southern Afghanistan Field Force, who, we hear, has been recommended for the appointment. Besides his services in the Afghan campaign, Colonel Edwardes served in the Mutiny, and, in the Quartermaster-General's Department, in Abyssinia.

THE other day about 7,000 lbs. of salt beef and pork were condemned by a military committee at Rangoon, as unfit for food, and ordered to be buried. The loss falls upon a contractor at Madras, and surprise is expressed in Rangoon at the Madras authorities having allowed the meat to be shipped.

THE balances held in cash in the civil treasuries of the Government of India, and at credit of Government in the presidency banks and their branches, on the last day of June were as follows :—1879, Rs. 15,94,91,000 ; 1880, Rs. 13,47,06,000 ; 1881, Rs. 13,07,73,000.

LATEST reports from Bagdad, dated 4th July, regarding the plague, say that the deaths were ten only within the previous eight days, and that the disease may be considered to have terminated.

IT is rumoured that the Head-quarters of the Commissariat Department offices will probably be located at Simla permanently.

THE various rumours which have appeared in print, that the Head-quarters of the Punjab Government would cease to be at Simla at the end of the current summer season, have not much foundation in fact, as up to the present time such a question has not even been discussed.

WE mentioned some days ago that the Bombay Central Presidency Rifle-meeting would be held at Poona, some time in September. The days of the meeting are not yet fixed apparently ; but H.E. the Commander-in-Chief expresses in General Orders a hope that "every encouragement and facility will be given to enable the good shots of each regiment to attend the meeting." It is proposed, we understand, to organise a Bombay Volunteer Camp for members of the corps who wish to attend. The prospectus of the meeting will be issued shortly.

THE following appointments have been made to the new Revenue and Agricultural Department :—Mr. C. E. Bernard, C.S., C.S.I., Secretary to the Government of India in the Home, Revenue, and Agricultural Department, to be Secretary to the Government of India in the Revenue and Agricultural Departmeut, but to continue to officiate as Chief Commissioner of British Burma. The Hon'ble C. Grant, C.S., C.S.I., Officiating Secretary to the Government of India in the Home, Revenue, and Agricultural Department, to be Secretary to the Government of India in the Home Department. Mr. E. C. Buck, C.S., now on furlough, to officiate as Secretary to the Government of India in the Revenue and Agricultural Department ; but pending his return, Mr. C. L. Tupper, C.S., to officiate temporarily as Secretary in that department.

THE "accounts relating to the trade by land of British India with foreign countries for the nine months April to December, 1880," show a total of imports amounting to Rs. 3,33,28,384 as compared to Rs. 3,10,47,548, and Rs. 3,40,06,281 respectively for the corresponding period of 1879 and 1878 ; and of exports Rs. 3,38,02,274 as compared to Rs. 2,90,72,375 and Rs. 2,88,45,756.

FROM the returns of the trade and navigation of British India for the first two months of the current financial year, as compared with the corresponding period of last year, we see that the total value of merchandise imported was Rs. 8,11,15,802 as against Rs. 7,58,83,700, and that of merchandise exported Rs. 13,94,20,733 as against Rs. 14,80,30,491. The value of treasure imported was Rs. 1,18,58,603 as against Rs. 1,88,85,870, and that of treasure exported Rs. 13,54,122 as against Rs. 29,02,849. The gross amount of import duty collected, including salt, was Rs. 63,18,052 as against Rs. 61,06,690, and of export duty collected Rs. 15,73,439 as against Rs. 12,37,998.

THE *Pioneer* hears from Baroda that the young Gaekwar, after his formal installation at the end of the year, will probably be assisted by a Dewan and Council in Baroda. During the next six months the arrangements for the transfer and the creation of the Council will be carefully devised, with a due regard both to the Gaekwar's own future and the welfare of the State.

TELEGRAPHIC orders were received at Army Head-Quarters last Monday, notifying that the new Warrant had been published in the *London Gazette*. The only case in which retirement was immediately ordered to be enforced was that of Captain Ridsdale, commanding the detachment of the 9th Foot at Jutogh, who has passed the "age limit."

THE Lieutenant-Governor of Bengal has authorised the Calcutta Port Commissioners to raise a loan of ten lakhs of rupees, bearing interest at the rate of 4½ per cent. per annum, for the purpose of meeting the estimated cost of works and arrangements sanctioned by His Honour.

THE *Civil and Military Gazette* regrets to say that, after all, the establishment of an Agricultural Department for the Punjab remains doubtful. In Burmah, however, the experiment will be made, as already announced. A department of the sort is badly wanted in the Punjab, and the paper sincerely trusts that the difficulties now in the way may ultimately be removed.

THE Bombay correspondent of the *Pioneer* writes :—There is a great deal of "play" at Poona, but still I hear that the new Commander-in-Chief has been making himself very closely acquainted with the regiments at that place, and it is as likely as not that there will be a number of brigade parades before he starts, at the beginning of the cold season, to make an extended tour to complete his knowledge of the army under his command. In the meantime, His Excellency has taken up the subject of [illegible] for the Native Army, and expects [illegible] which [illegible] for twenty years, is said by some authorities to be the easiest and most convenient for traders, as mules can be loaded up from the steamer at Bhamo, and goods conveyed direct without any change to Momein, and onwards. A caravan consisting of from 800 to 1,000 mules and ponies is reported to have appeared outside the town of Bhamo early in June last, and returned with 1,600 bales of cotton and other goods. A caravan of 800 animals is expected every fortnight at Bhamo, though goods continue to be sent by the old northern road.

THE latest Kabul news which has reached the *Pioneer* is to the effect that the young Sirdars Habibullah Khan and Nasrullah, the sons of the Amir, together with his families born and reared in Russian Turkestan, entered Kabul on June 18. Fifteen natives of Tashkend, six of Samarkand, and one Naghai, or native of Dagestan, accompanied them. Some of these men give as a pretext for their journey a desire to visit and congratulate the Amir, and others merely to see Kabul, and a few to obtain employment. Among the number is Abdul Karim, confidential servant of Shah Mardan Kul, Attaché to General Kaufmann's. The Naghai was formerly General Kaufmann's cook.

MAHOMED AFZUL KHAN'S visit to Meshed on Ayoub Khan's behalf, his return to Herat, and the promptitude thereafter shown by Ayoub in beginning his march upon Kandahar, are facts so significant that the *Pioneer* hopes careful inquiry has been, or will be, made by our agents in Persia regarding Afzul Khan's late proceedings. "The belief has steadily gained ground of late that Ayoub Khan has been tampered with from Samarkand on the one hand and Persia on the other by the Russian authorities, who have received the Amir's strict adherence to his promises made to the Indian Government with considerable chagrin."

THE Allahabad Bank, Limited, which was established in 1865, a local paper says, has had a successful career. The report for the six months ended 30th June last, containing a statement of the progress of the institution, shows that the working capital has steadily increased from Rs. 2,64,000 to Rs. 23,30,000 ; and that the reserve fund, which was formed in 1867, now amounts to over one-third of the Bank's paid-up capital. The divisible profits for the half year are at the rate of Rs. 20-13 per cent. per annum. The directors recommend the declaration of a dividend and bonus at the rate of 15 per cent. per annum, adding Rs. 4,000 to the reserve fund.

NOW that it has been announced that an investigation is to be made as to the treatment the prisoners receive in the Bengal jails, the *Patrika* thinks the best course would be to do it not only by a Commission, but by a mixed Commission. The paper hopes the Government of Lord Ripon will not permit the enquiry to be made a mere mockery for the purpose of throwing dust in the eyes of the public and members of Parliament.

THE *Civil and Military Gazette* has a notice of the "Serious Reflections by our Political Orphan," from which we take the following passage :—"The *Bombay Gazette* Press has collected in a neat volume the contributions to that journal of the late George Cheriph-Mackay, under the *nom de plume* of "Our Political Orphan." These consist for the most part of short paragraphs on the topics of the day as they arose during last year, and are sometimes specially designed for Bombay readers. It was impossible to Ali Baba to write without humour and grace, and his peculiar power of suddenly touching the heart of a subject by a swift, incisive stroke of surprising audacity and felicity is as manifest in these paragraphs as in the more connected series of papers contributed to *Vanity Fair*. Here, too, is the same happiness in quotation, the same learning, the same play of allusion and fancy, and that wonderfully sympathetic knowledge of the Anglo-Indian world which at once won for the writer the admiration of the English-speaking public of India. For many of us indeed admiration is too cold a word to express the feeling with which we learned to look for the latest work of the brilliant pen now for ever laid aside. Every line came straight home to us, and we felt an almost personal pride and pleasure in the wit and pathos, the pure fun and biting satire with which the common facts of a somewhat dreary existence were suddenly illumined and transfigured. The subjects were so familiar, our dulness did not at first perceive the fresh fancy, the new insight, and the surprising grace and charm of style with which they were treated. But although Ali Baba to this moment appears to a large number of persons as a merely comic person who quizzed *aides-de-camp* and invented witty sobriquets, he was fairly recognised by the thoughtful portion of the public as a writer of unusual gifts, whose Anglo-Indian experiences would prove to be but the prelude and commencement of a great career in the world of letters. We have seen how suddenly and cruelly this most justifiable expectation has been cut off, and have grieved over the fate that snatched away the most distinguished of Anglo-Indian journalists by the agency of one of the commonest and most trivial of Indian ailments :

'Cut is the branch that might have grown full straight,
And broken is Apollo's greenest laurel bough.'

We naturally cherish all that remains to us of the writer and man whose talents and personal character were an honour to our scattered, but in some respects closely knit, society. And the public will be grateful to the *Bombay Gazette* for binding in a memorial wreath the last stray leaves that fell from his pen."

THE *Amrita Bazaar Patrika* takes up the subject of Baboo Nishikant Chatterjee's warning to Hindoos against their presumed, or supposed, Russian leanings. We do not know that the matter is one of much moment. A rule which has been exposed in the way Russian administration has been during the past five years is not likely to attract the sympathies, or enlist the aspirations of the people of India. But the *Amrita Bazaar Patrika* puts a new complexion on its strictures, when it publishes the following paragraph :—

Now, Baboo Nishikant very well knows, or at least ought to know, that the Hindoos have no such partiality for the Russians. He knows it, at least ought to know it, that the Russians did make attempts to open communication with the educated Hindoos, and that they failed. He knows it, or at least ought to know it, that the Russian Government wanted to open a communication with *this journal*, but that the friendship offered was respectfully declined. Knowing all these, he had no business to warn his countrymen against their pro-Russian tendencies, knowing full well that they had no such predilections, and knowing also that his letter would go to implicate his countrymen in the eyes of their rulers, Baboo Nishikant thus, unconsciously no doubt, bore false testimony against his own countrymen by his letter.

The *Indian Daily News* remarks on the above :—"Although we have here testimony to the fact that the Russian intriguers have not overlooked India, we do not feel as if we cared much about the matter. Yet, if we do care, it is only to ask the question—why was not the disclosure made at the time ? But, then, again, perhaps it was so made, and, perhaps, the Government did not care about the matter either."

"WE knew," remarks the *Englishman*, "that the memory of the Anglo-Indian public was a short one—there are reasons why it must needs be so—but we did not think it was quite so short as a little incident that has lately come to our knowledge would seem to indicate. Lying unclaimed on one of the jetties at the present moment is a mural tablet, by a well-known sculptor, of a Chief Justice of the High Court whose gentleness of disposition won for him the affectionate regard of all who came in contact with him, and whose sad fate was the cause of deep and general sorrow. Scarcely two years have passed since, in Justice Norman, the hand of the assassin laid low a man who, up to that moment, was believed to have no enemy, the act creating in all ranks of Calcutta society a consternation unparalleled since the early days of the great Mutiny. To provide a fitting monument for his grave was but slight tribute to the memory of such a man, but, such as it was, the men of those days were prompt to pay it. The task that devolves upon their successors is a still less burdensome one ; little more, in short, than the formality of a signature. Yet this task remains unperformed. It was in March last that the tablet arrived, but no one has been found to take delivery of it. The consignees are neither dead nor missing. They are the Attorneys' Association. It is to be hoped that they have something more than an attorney's explanation of an omission which wears, at present, so cynical an aspect."

JOHN ROBERTS, Junr., who left Bombay in May last, has arrived in England and challenged Joseph Bennett for the Championship. In answer to this challenge, Bennett writes to the editor of the *Sportsman*, saying that he will play Richards in a fortnight or three weeks, if he will at once draw up articles and leave a deposit. If not, he will make arrangements to play Roberts.

DISTURBANCES AT DIU.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—A correspondent signing himself "Q" says that the report about the Governor of Diu published by you from a Goa paper has been contradicted by the two leading Journals of Goa. The *Ultramar*, in a subsequent account, confirmed the principal facts ; but the *India Portuguesa* published a letter from the Governor himself denying the story. "Q" probably bases his contradiction on that letter. But if the story was false, why has the Governor been suspended, and another person been sent in hot haste to take his place ? The case is under enquiry, and "Q" ought to wait till the decision is given.

IMPARTIAL.

THE GAIETY THEATRE.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—The performance announced for Saturday night at the Gaiety Theatre did not take place, owing to the non-arrival of the luggage of the *artistes*, which had, by mistake, been shipped by goods instead of passenger-train at Jubbulpore.

The officials of the G. I. P. Railway were kind enough to telegraph to various stations, and, on discovering the whereabouts of the luggage, had it transhipped to passenger-train, which, however, did not arrive in Bombay until 9 p. m., necessitating the postponement of the performance until Monday night.—Yours, &c.,

Bombay, July 10. GEO. NORVILLE.

DR. DE JONGH'S LIGHT-BROWN COD LIVER OIL.—In Debility of Adults its efficacy is unequalled.—Rowland Dalton, Esq., District Medical Officer at Bury, St. Edmund's, writes :—"The effects of Dr. de Jongh's Oil are sure and most remarkable, especially in that broken-down state of health and strength which usually precedes and favours tubercular deposit. It has certainly been the only means of saving my life on two occasions ; and even now, when I feel 'out of condition,' I take it, and like it, mixed with anything, as being the most agreeable way." Sold only in capsuled imperial half-pints, pints, and quarts, by all chemists, druggists and storekeepers. Sole consignees : Ansar, Harford and Co., 77, Strand, London.

BANGALORE.

(FROM OUR OWN CORRESPONDENT.)

JULY 3.

MISS CLARA STANLEY'S Opera Troupe gave their first performance last week, I regret to say before a small house. On the second occasion, when Donizetti's military opera, *The Daughter of the Regiment*, was produced, there was a much larger attendance, Miss Stanley, as *Marie*, bringing down the house, to use a theatrical term. It is a pity that the troupe is not a larger one ; the want of male actors is apparent. A rumour says that Dave Carson is to arrive here ; if he does, I do not think he will want for patronage, because it is unlikely that the Clara Stanley Troupe will remain here much longer than a week, and then there will be no counter-attraction. The Bangalore public is not over-liberal, it is true ; but the military portion is large enough to support any troupe or company that visits us. As for the civil community, it is only at *free* entertainments, such as temperance meetings, distribution of prizes, &c., &c., that they muster in force. There was one of these given at the Cubbon Rooms the other night by St. Andrew's School, consisting of music, recitations, readings, and a little acting, at which were present a very large number of people, mostly if not all, civilians. Of the whole assembly, I noticed only about half-a-dozen who ever patronize a paid performance. But I think if Carson or Norville were to venture here, they would still find enough support.

The hotel-keepers and others at Ooty and Coonoor must feel much grieved just now, for every day there are people from these places coming into Bangalore. Our only hotel is full, and not a room can be had. I wonder there is not enterprising enough to open another, if only for the season ; it would certainly pay. The millinery establishments, too, will do a good business. At the largest in the station there is just now being exhibited one of the largest and most varied stocks of goods that it has ever been my lot to see. Here is evidence that the people of Bangalore are getting a little more civilised. A few years ago ladies were quite content with native tailors ; and so no European ever thought of setting up a millinery shop, much less of risking money by importing large stocks of goods. Things have changed now, you see. The majority of the other tradesmen are busy with "raffles," I am told. People mostly get their wines and stores either from Madras, or from the military messes here.

Auctions are going out of fashion, it would seem. Officers leaving the station now go in for leaving their properties with some firm "on commission sale." The reason of this is that so many dealers and agents go to auctions, and very seldom anybody else. It is absurd, however, to leave things of hardly any value whatever "on commission sale," as some people do.

Messrs. Wilson and Co., of Madras, are determined to do something good in gold-mining in the Tumkur district. They have engaged the services of a Mr. Prideaux, C. E., on a salary of Rs. 2,000 per mensem, and all expenses paid, to survey, prospect, and report upon their concessions. They have also in their employ another engineer, Mr. Smith, on a salary of Rs. 300, with allowances, to assist Mr. Prideaux. The firm is trying to obtain as much land as possible in this district, and is only one square mile can be taken up by a firm or one individual, they are employing a rather novel idea to realize their wishes and expectations, which I shall speak of in my next. All this, however, looks like business, and if Mr. Prideaux submits a favourable report, a company is to be started at home. This will be a good thing for the association of gentlemen, well-known here, who have obtained a lot of land adjacent to Messrs. Wilson and Co.'s.

Dewan to the Maharaja of Mysore arrived by train last Friday, looking as well as ever. His new palace, formerly the property of Mr. J. P. Garrett, of the Mysore Commission, who died a few months ago, has been considerably improved. An assistant of the firm of upholsterers and cabinet-makers, Messrs. Lazarus, of Calcutta, has arrived here with a large quantity of furniture, &c., for H. H.'s use, which he will arrange personally. The grounds have also been beautifully laid out under the orders of the Chief Engineer.

It is the fashion to describe the young Prince as an Englishman in habits, &c., &c. ; as very affable, and as quite at his ease in company. But such is not the case. I have seen and watched H. H. on many occasions, and there has been nothing in the demeanour which would lead one to suppose that he is what some people have described. He is a good whip, and is fond of riding and other manly exercises ; but as for being at home in company, &c., &c., he certainly does not seem to be so. He seldom talks ; never unless addressed. In fact, it would not be a bad idea if the Maharaja were taken on a tour through the country, or even home. I am glad to see that Mr. W. A. Porter, M. A., is to be Private Secretary to H. H.

Our Dewan Mr. Runga Charlu, C. I. E., has been lecturing on Education. He is credited with the following opinions : "To me the system of education pursued by Government just now is a partial failure. In primary Government schools we have boys and girls crowded together, and in the other schools established by Government we often see weak and backward boys never get on. I am of opinion that primary education should be entirely taken out of the hands of Government and entrusted to private enterprise." A local paper hopes that this opinion is "not deliberately formed, and will not be carried into effect."

Madras has an Agricultural College, and some twenty young men are reported to have finished their studies and to have received their diplomas. Some of these are from Bombay. Now that these men have finished with the College, what are they going to do ? The Government is not prepared to give them any situation ; if it was we should have as many passing the Agricultural Colleges as we have the University Examinations.

Some time ago the Agent of the G. I. P. Railway advertised for a schoolmaster for the Railway School. Several young gentlemen applied from here ; but, as I have said, they have got no answers whatever. The local papers have not announced that Mr. F. E. Brett, late Assistant to the Director of Public Instruction, Mysore and Coorg, has got the place. Being a married man, he was preferred. I think the Agent of the company might have put a second advertisement into the papers, stating that the appointment was filled.

When finished, the new R. C. Chapel, near the market, will be the handsomest building in the province. It is really well worth seeing, but being situated in the native part of the town, always frequented by beggars, it will not be a very desirable place for worshipping in. It has been four years building, the money being contributed by the poorest of the poor. During the famine, those who liked gave a small quantity of rice every day ; this was put up for sale each week, and the proceeds went to the building fund. The stained windows and pictorial ornaments are very fine.

The S. I. R. A.'s prospectus for 1881 is out. It is needless to enumerate the events, as all those who are interested in shooting are supplied with prospectuses.

No rain as yet. Tanks drying up and crops withering are very bad signs indeed. Throughout the province it is the same ; and unless things change, prices will rise tremendously, and in the end there will be a famine. As a local paper suggests, "It would be as well for the authorities to look the matter steadily in the face and initiate measures" of relief.

GOVERNMENT REPLY TO THE VAISHNAVS' PETITION.

THE following is the Government Resolution on the petitions praying for the release of the Nowanuggur Maharaj, who is charged with feloniously receiving the contents of a banghy parcel stolen from the Jamnagar post office :—

No. 3036.

POLITICAL DEPARTMENT,
Bombay Castle, 6th July, 1881.

Read—

Petition from Goswami Shri Vrijeshjee Vrijnathji, Maharaj of Jamnagar, Kathiawar, dated 15th June 1881—Stating that he is now being tried at Rajkot, along with one Dadabhoy, Post Master of Junagad, and others, before the Chief Criminal Court in Kathiawar, on charges in connection with a banghy parcel, the contents of which are alleged to have been dishonestly received by the petitioner, pointing out that, as a subject of the Jam of Nowanagar, an independent Chief with full criminal and civil jurisdiction, the Chief Criminal Court in Kathiawar has no jurisdiction to try him, and praying, under the circumstances mentioned, that Government will direct that the proceedings against him may be stopped, or, should he be found guilty, that sentence may not be passed until Government have considered and decided the objections raised by him.

Further petition from Goswami Shri Vrijeshji Vrijnathjee, Maharaj of Jamnagar, Kathiawar, dated 21th June 1881—Praying, with reference to his petition of the 15th idem, that under the circumstances now brought to notice, the proceedings of the Chief Criminal Court in Kathiawar, in his case, may be quashed, and himself discharged.

Letter from the Political Agent, Kathiawar, reporting on the above petitions.

Petition from Soonderdas Laxmidas, of Bombay, dated 25th June 1881—Praying, under the circumstances stated, that Government will not grant the petition made to them by several Bhatia merchants of Bombay, that the case of the high priest Maharaj Vrijeshji of Jamnagar, which is being tried by the Chief Criminal Court in Kathiawar, may be transferred for trial by the Jamnagar Courts.

Petition from Thukar Hemraj Visram and others, inhabitants of Kathiawar, dated 19th June 1881—Tendering their thanks for the orders of Government directing the suspension of judgment in the case of their high priest Maharaj Vrijeshji of Jamnagar, which is being tried by the Chief Criminal Court in Kathiawar, and praying that the matter may be inquired into by Government, and the Maharaja declared innocent of the offence laid to his charge.

Fifty-eight petitions similar to that of Thukar Hemraj Visram and others from other inhabitants of Kathiawar.

Proceedings before the Chief Court of Criminal Justice in Kathiawar in Sessions, case No. 3 of 1881-82, in re (1) Dadabhai Tersandji, (2) Maharaj Vrijeshji Vrijnathjee, (3) Kalianji Pranjiwan, (4) Jadavji Gopal, (5) Dhana Khanji.

RESOLUTION.—The delivery of its decision by the Political Agent's Court having been delayed by order of the Government in order that Government might consider the objections to the jurisdiction of that Court which have been raised by one of the accused Vrijeshji Vrijnathji, a subject of the Jam of Navanagar, as set forth in his petitions, dated the 15th and 24th June 1881, the Governor in Council called on the Political Agent to explain his grounds for holding that his Court had jurisdiction, and being satisfied with the explanation submitted, has directed that the Political Agent be informed that the order for delaying of the decision is withdrawn and that the case should be disposed of in accordance with the ordinary procedure of the Political Agent's Court.

THE PILGRIM TRADE.

THE following Government Resolution has been sent to us for publication :—

Bombay Castle, 9th July, 1881.

Telegram from the Political Resident at Aden, dated 2nd July 1881 :—

"Government Resolution 1736 of 1st June. Consul at Jeddah intimates Turkish authorities threaten expulsion of persons arriving without passports. States he has no authority to issue, and suggests, to avoid further difficulties, that passports be issued in India to intending pilgrims. Is Resident empowered to grant passports to British subjects leaving Aden ?"

RESOLUTION.—The telegram from the Resident at Aden should be repeated to the Governments of India and Madras, and communicated to the Officers and Departments to whom was sent Government Resolution No. 1736, dated June 1 last. It should be published in *Bombay Government Gazette*, and copies should be forwarded to the Editors of the daily news-papers in Bombay.

2. Passports should be granted to pilgrims embarking at Bombay by the Commissioner of Police, who should apply for such number of forms as he may think necessary, and who will be responsible for the grant of them. It is not needed that the Commissioner of Police should institute any inquiries as to the character or country of the intending pilgrims applying for passports. The only point on which he should satisfy himself is that every pilgrim will on reaching Jeddah have the sum of Rs. 40, which he is required to deposit there in the British Consulate, to meet the cost of the return passage and incidental expenses. A passport should under no circumstances be given to any pilgrim who fails to satisfy the Commissioner of Police on this point. If owners or charterers of vessels in the pilgrim trade take as passengers pilgrims who have not obtained passports and fulfilled the regulations which the Turkish Government have thought proper to prescribe, they must accept any consequences which may result from their own action.

3. Passports may be granted to pilgrims embarking for Jeddah at Aden or Karachi by the Resident and the Commissioner in Sind respectively ; but at Aden and Karachi, as at Bombay, no passport should be given to any pilgrim unless he can satisfactorily prove that he will on landing at Jeddah be in possession of the sum of Rs. 40, which it is incumbent on him to deposit there at the Consulate.

4. No fee should be charged for the grant of passports. Quarterly returns should be furnished to Government showing the number of passports given and the number refused, together with any remarks which may seem expedient.

5. The Government of India and the Government of Madras should be informed of the orders now issued regarding the grant of passports, and requested to cause all requisite publicity to be given to those orders. The Commissioner of Police and the Collector of Customs, Bombay, and the Commissioner in Sind, should also be desired to make the orders now given generally known.

THE WEATHER AT JALNA.—The weather is all that could be desired ;

character, *viz.*, whether the accused did or did not give a bribe to the Police Inspector. Are we to suppose that the Sessions Judge is incompetent to try this simple issue properly, or that his decision is in any real danger of being biassed by the assessors, even assuming—which we cannot do—that unprejudiced assessors were not to be had?

The decisions of Indian Courts to which reference has been made—the fact that no direct precedent can be found on the point—indicate that it has not been usual to grant these orders generally, as a matter of course, or without grave reason shown. Even if we were at liberty to exercise a free discretion in this manner, it is obvious that any such general use of it would offer an impediment to the administration of criminal justice, which could be met only by a complete alteration of our present judicial establishment. Hundreds of men are tried every year in grave cases, where life and liberty are concerned, in which it might be contended, with more reason than in the present case, that there was a possibility of all the assessors being influenced by local feeling or excitement, and possibly from the nature of the case of the Judge's opinion. Seldom improperly influenced by that of the assessors, yet those cases are removed, and in England, where the functions of the jury are so infinitely more important than those of Indian assessors, and the risk of miscarriage from the partiality or prejudice so far more serious, such transfers are of very rare occurrence. In the present case we cannot see that there is any ground whatever for supposing that the Sessions Judge will not dispose of the case in a manner, not only to satisfy the ends of justice, but to disarm the impression on the minds of all reasonable persons that complete justice has been done. We are, therefore, of opinion that the rule be discharged.

Nothing could tend more to lower the general estimation in which the Courts are held than that eventually people should be able, by setting the High Court in action, to procure, on frivolous grounds, an escape from a tribunal, which is considered by the Legislature competent to administer justice to the rest of society. With regard to what took place at, and subsequent to the application, we should be wanting in due consideration of the dignity of the post which we have the honour to occupy, and the tribunal of which we form a part, if we did not plainly express our opinion. The case stands thus. We had granted the rule originally under a misapprehension of fact caused by counsel's erroneous instructions. The affidavit proceeded throughout on that misapprehension. When it was discovered we might have dismissed the rule on the ground that the main statement to which the affidavit referred was untrue. We had, in the course of the argument, more than once expressed our views that, as a matter of law, the grounds on which the learned counsel was moving, namely, local prejudice, were insufficient to justify the transfer of a case tried by a Judge sitting with assessors. We had heard Mr. Jackson on this point, and he had himself at the outset, virtually abandoned his contention, that a fair trial could not be had at Patna by proposing to have the trial at that place if only before another Judge. When, therefore, we had ascertained that the affidavits referred to no other grounds than these, we considered it—and the subsequent perusal of, and comment upon, the affidavit—has satisfied us that we were right in considering it an unnecessary, improper, and unjustifiable waste of public time to allow counsel to lay before us in detail matters, which, even if fully substantiated, would not in our view of the law have justified a removal. The intimation of our decision was received by the learned counsel with a demeanour and language which have already been observed upon by the Chief Justice. It would be a degradation not only of the judicial office, but of every branch of the profession, if Judges performing the grave and important duties entrusted to them by the Sovereign in accordance with law, and to the best of their powers, were exposed to indignities, which would be intolerable in private life, and which offered in public to a public officer in the discharge of his official duties, becomes a public scandal and an outrage. Such scandal, if unnoticed, might be supposed to be condoned, and we therefore feel it necessary to say that if no other consequences on the present occasion follow on this grave breach of decorum, it is because we believe that the censure of the Chief Justice—such a rebuke coming from such a quarter—will be felt as no ordinary punishment, and because the good taste or right feeling of the Bar, we are well convinced, render any recurrence of such impropriety in the highest degree improbable. We have further to observe that the affidavit on which Mr. Branson was instructed to move is guilty of a serious *suppressio veri* in omitting all reference to Mr. Jackson's offer to have the case tried at Patna by Mr. Tweedie, and of the observations of the Court upon that offer. The omission of so material a circumstance is discreditable to the fairness of the attorney concerned. If it is to the same person's carelessness that the original blunder as to the character of the trial was due, he will have had an important lesson as to the expense and trouble to which carelessness and inaccuracy may give rise. The events which occurred at and subsequent to this application have been to us—I will no deny it—a matter of surprise and mortification. There could be no graver misfortune for us all, judges and advocates alike—than any departure from those habits of courtesy which happily, as a rule—till the other day I should have said, the invariable rule—characterised the relations of the Bench and Bar. It is our uniform desire and endeavour to preserve towards the advocates who practise before us the courtesy, and I may add, the kindness natural among gentlemen who, as members of the different branches of an honourable profession, are engaged with ourselves in the discharge of their duty to the public, whom we regard and by many of whom, I trust, we are regarded as friends. It is our wish and our practice not only to do all that the law requires of us in hearing their arguments, but whenever the law allows to accommodate the proceedings of the Court to their convenience, and in every way in our own power, so to conduct the proceedings as to meet the wishes of advocates, and subserve the public interest.

It is, of course, our duty to listen with patience and attention to all statements and arguments bearing on the case, and necessary for its proper adjudication, but it is also our duty to avoid the needless waste of public time, and to prevent the introduction of arguments which either from other evidence, or the course of the case, or the admission of counsel, have become irrelevant or superfluous. Such discretion seems to me essential, if Courts are to do their work properly, and the administration of justice to be promptly and efficiently conducted—if, in the exercise of such discretion, we are considered to have acted under a misapprehension, there are proper means of securing the reconsideration of the point, and if we go wrong we shall, I am sure, at all times be not only ready to correct our mistake, but grateful to any gentleman who, in a reasonable and decent manner, will supply us with the means of correcting it. But the use of that discretion, even if it failed to commend itself to the judgment and wishes of an advocate, possibly a less calm and impartial one than our own, need not, and ought not, to be the signal for intemperate language or discourteous behaviour, nor of any suggestions that it was prompted either by indifference to the interests of justice, or any wish to curtail the right of advocacy.

Mr. Justice Prinsep.—The importance which this case has assumed has made it necessary that I should deliver a separate judgment, though I fully concur in all that has already been said by my learned colleague. The petitioner, Abdul Sobhan, was tutor in the family of Abon Syud, a Mahomedan gentleman of some property and position in the city of Patna. On his death, the petitioner has married his widow Fasihan, and in consequence of the disparity between their relative social positions, this has caused much dissatisfaction amongst the Mahomedan community. He has been committed for trial by the Session Court of Patna for giving a bribe to a police officer (section 126 of the Penal Code), and he now seeks to obtain a transfer of the trial of that case on the ground that, in consequence of the strong feeling in Patna against him, he is not likely to obtain a fair trial.

MADRAS.

SIR FREDERICK ROBERTS.—Our new Commander-in-Chief, Major-General Sir Frederick S. Roberts, Bart., has engaged a suite of apartments in the Marine Hotel, North Berwick, for the whole of next month.

THE BANK OF MADRAS.—Shareholders of the Bank of Madras will be agreeably surprised at the dividend, at the rate of 11 per cent. per annum, which has just been declared for the half year ended 30th ultimo; for although it was pretty well known that the Bank had done well with its Government paper, the result of the half year's working has probably surpassed the most sanguine anticipations. The dividend declared on the 31st December last was at the rate of 7 per cent., making the average rate for the past year 9 per cent. That declared for the half year ended 30th June, 1881, was at the rate of 8 per cent., as against 11 per cent. declared now. On looking at the figures we find that the profits for the last three half-years were, approximately, Rs. 2,50,000, Rs. 2,46,000, and Rs. 3,30,000, showing a marked improvement in favour of the last half year. This is of course due, in a great measure, to the extraordinary rise which has taken place in the value of Government paper, but the accounts show that, in other respects, the resources of the Bank have been utilised in a greater degree than has lately been the case, as the following figures show :—

	30th June 1880.	30th June 1881
Loans..	..Rs. 21,41,000	Rs. 30,78,000
Accounts of credits ..	4,46,000	5,52,000
Discounts	23,64,000	29,54,000
Bills of exchange	19,45,000	22,81,000

The Bank's holding of Government paper is now Rs. 31,03,000 against Rs. 14,20,000 this time last year, whilst the unemployed capital has, in the same period, been reduced from Rs. 97,98,000 to Rs. 84,36,000. The reserve fund now stands at Rs. 7,75,000, against Rs. 7,25,000, on 30th June, 1881, and a balance of Rs. 50,000 is carried forward to the current half year. Altogether this is a state of things that is very much to the credit of the management.—*Mail.*

N.-W. PROVINCES, OUDH, AND PUNJAB.

ATTEMPTED WIFE MURDER.—The trial of James Smith, Sergeant in the P. W. D., for the attempted murder of his wife at Rawal Pindi, on the 20th March, was concluded on the 5th inst. in the Chief Court of the Punjab. Mr. Justice Plowden was on the Bench; Mr. Spitta appearing for the prosecution, and Mr. Cope for the defence. The verdict of the jury was 8 to 1 not guilty on the charge of culpable homicide amounting to murder, and 8 to 1 guilty on the charge of culpable homicide not amounting to murder. The sentence passed on the prisoner was five years' rigorous imprisonment.

NAUTCH PARTY.—Notwithstanding oppressive weather and threatening storms, the party given by Baboo Aushootosh Mookerjee, on Thursday evening, in honour of his son's and his daughter's marriages, was well attended by all classes of the community, and, on the whole, may be said to have been very successful. The entertainment, which began with a *nautch*, continued with fireworks, and ended in supper, was kept up with much spirit till the early hours of the morning. The fireworks especially were very good, and afforded no little amusement. —*Pioneer.*

LOST OR STOLEN.—A few months ago a Bengali Babu, whilst returning from the front, lost Government promissory notes of the value of Rs. 1,000. A notice to that effect was published and the Babu went to Calcutta. Some days ago, a Customs house clerk, named Nihal Chund, came to the treasury to get some notes cashed. The officer in charge of the treasury found on examination that the notes bore the same numbers and marks as those notified to have been lost by the Babu. The matter was at once reported to the police, who took Nihal Chund into custody. The clerk, who will be put on his trial in the course of a day or two, states that the notes in question were received by his wife from some woman.—*Civil and Military Gazette.*

SERIOUS ROBBERIES.—Robberies and thefts are again the order of the day. A house in Tilian-gully in the city was entered by some robbers, and property to the value of Rs. 300 carried away. Another house in the rear of Cashmeri-bazar was also broken into and jewels valued at Rs. 400 were stolen. Another daring robbery is reported to have been committed in the house of a certain *arain* (vegetable-seller) in Baghbanpura. It appears that some robbers entered the house on the night of the 1st instant, and carried away jewels and other valuables estimated at Rs. 1,100. Rs. 4,000 worth of jewels were stolen from the house of a bunnia named Soobba Ram at Kasur. The matter was reported to the police, who, suspecting the bunnia's son-in-law, had his house searched. Nothing, however, was found in the house, but the son-in-law of the bunnia confessed to having stolen the jewels in question, and secreted them in a field outside the city. The field was at once searched and the jewels recovered.—*Civil and Military Gazette.*

THE LAHORE TREASURY ROBBERY.

WE take the following report from the *Civil and Military Gazette* :—

FIFTH HEARING, 4TH JULY.

Four witnesses appeared in succession who bore testimony to the depositing of a certain amount of money with one Sidhu in behalf of Sepoy Poola Singh, which had been forfeited by the police. Sidhu acknowledged to have received the money from Poola Singh, and surrendered it to the police when they demanded it. Sepoy Poola Singh said, on the other hand, that he knew nothing of the deposit, and that the case had been got up by the police officials by constant threats and beatings. He could not recognise Sidhu, although the latter was reported to have been a near relation of the former.

Abdulla Khan, Police Inspector, deposed that he had recovered Rs. 604 at Main Mir on the 1st from Hurdit Singh; from Narain Singh, No. 2015, Rs. 403-8, buried near the railway bridge; from Sawan Singh and Man Singh, Rs. 660, buried near a shisham-tree with a bag belonging to the treasury, and the next day Rs. 36 from Chanda Singh, No. 2907, buried near the Commissariat godown under the banyan-tree. On the 3rd he went to Sadhugari in Gujranwala in the pursuit of Prem Singh, No. 1021, who had resigned. Prem's sister took her jewels and Rs. 19 in cash, and attempted to run away, when the property was taken from her. The witness was privately informed by the Lumbardar that since Prem Singh had returned home, relatives had kept up a quarrel with him, demanding a partition of the money which the sepoy had brought, and gave him some further particulars of the distribution of money, such as the purchase of a male buffalo. Sums of money were recovered in accordance with the directions of the Lumbardar of the village. Afterwards, the witness said, he went to a village named Gondla and locked Sepoy Poola Singh's house. Poola's wife surrendered Rs. 7, and informed the police that her mother-in-law had gone to Lahore to get some money from her son, on his invitation. She, however, said that she had received Rs. 250 from Rawalpindi on account of a hundi. But as most of the rupees bore stamps of 1880 and not of 1878 or 1879, as, according Poola Singh's mother's revelations, they ought to have borne, the money was forfeited. Then Abdulla Khan said that he went to Mauza Maujwori to the house of Sepoy Sham Singh. His brother Laina and the Lumbardar of the village went to Gurdit Singh, brother-in-law of Sham Singh, with whom the latter had deposited his share of the robbery, and brought back Rs. 230 after a long hesitation on the part of Gurdit Singh's son-in-law, named Bhadawa. Being told that the total amount of money was Rs. 280, and not Rs. 230, which Sham Singh had deposited with his son-in-law, and that the balance had been given to a certain goldsmith, he searched the house of the goldsmith and found Rs. 90, which he forfeited. As the sum of Rs. 230 and Rs. 90 amounted to Rs. 320 and not Rs. 280, which was the amount reported to have been deposited by Shaca Singh, the Judge objected to the taking of Rs. 90 from the goldsmith. And here the Sepoy Sham Singh complained that the police had extorted money from most of his kinsmen by threatening. As regards the possession of Rs. 230, he alleged that he had received Rs. 100 from his brother, a naik at Bunnu, that Rs. 100 he had accumulated from prizes and donations at Kandahar and other places, and that the balance, Rs. 30, he had transmitted to his home, which he had saved from his pay.

The Lumbardar of the village of Jai Sing and three other witnesses bore testimony to the recovery of Rs. 230 from Gurdit Singh on behalf of Sham Singh. Gurdit Singh certified to have received Rs. 230 at the hands of Sham Singh and his brother Laina Singh for the purpose of releasing Sham Singh's lands from mortgage. Some more witnesses were produced to show that a report was in circulation in the village that Sham Singh had brought nearly Rs. 400, although the sepoy disclaimed any knowledge of the facts sworn to by the witnesses.

Kanhya Lall, deputy inspector of police, appeared and said that he had recovered Rs. 141 from Jowala Singh, No. 2,142, on the 1st June, buried in the parade ground, that on the 5th he went to Rya and recovered Rs. 150 from one Umra, who was trustee of Jowala Sing, sepoy. He also recovered Rs. 105, Rs. 49 and 35 on behalf of the same sepoy. The police sergeant in his deposition stated that before his arrival two other police sergeants had searched the house of Jowala Singh, but that they had acted treacherously. The witness then went to Sadhowan and was received Rs. 107, 180 and 18 on behalf of sepoys Issawar Singh and Sundar Singh, who were brothers.

In connection with this report the two accused sepoys declared that the whole village had been ruined by the extortions of the Police Sergeant Kanhya Lal, and that people had buried their money in consequence. They said that the people of the whole village would shortly institute complaints against him.

Kanhya Lal further said that he was informed that Jowala Singh had brought Rs. 3,000, of which the accused himself confessed to have taken Rs. 1,100, of Government money. He, therefore, took Rs. 380 from one Doola Singh, with whom Jowala Singh was reported to have deposited that amount, although Doola did not confess. Some more money and various articles which Jowala Singh had purchased were surrendered to the sergeant.

The convicted sepoys showed unremitting excitement against Kanhaya Lal, police sergeant, and called him "a great lion that had devoured the whole village."

H. H. THE NIZAM'S STATE RAILWAY.

ADVERTISING AT RAILWAY STATIONS.

THE PROPRIETOR of the *Bombay Gazette* Press, having leased from the NIZAM'S STATE RAILWAY Company the exclusive right of advertising at all the Railway Stations belonging to the Company, is prepared to contract with parties desirous of posting notices or advertisements on the lines.

The Cantonment of SECUNDRABAD, as is well-known, contains the largest military garrison in India—a garrison comprising over 5,000 British and native troops. Contiguous to it is the Cantonment of BOLARUM garrisoned by two regiments and one Battery of the Hydrabad Contingent, all officered by Europeans. South of Secundrabad, about 4 miles, are the suburbs of Hydrabad, containing the Nizam's regular troops, about 5,000 in number, officered mostly by Europeans—besides a large civil population. It would manifestly be advantageous to firms to advertise at the stations on the above railway, the most important of which are SECUNDRABAD, HYDRABAD, GANGAWARUM and TANDUR.

The announcements may be in English or in any of the NATIVE LANGUAGES.

The advantages which Railway Stations present as a means of bringing intimations of all kinds before the public have been demonstrated in England by the extensive use which is made by Advertisers, of every station, great and small, along every one in the United Kingdom.

INSURANCE COMPANIES, SHIPPING COMPANIES, HOTELKEEPERS, MERCHANTS, TRADERS and others who wish to force their business on the notice of the public, all alike value the privilege of *Railway Station Advertising.*

There is no reason why the privilege should not be also specially valuable to Advertisers in India. Looking to the great and increasing number of Native Railway Passengers on the two trunk lines of Western India, Native Merchants, Traders, &c., seeing that they have the privilege of advertising in their own language, would find the publication of their announcements at Railway Stations an infallible means of extending their business.

Advertisers can select the Stations, at which they wish their Placards posted, and may advertise for any period that may be agreed on. The charges have been fixed on an extremely *moderate scale* to encourage Advertisers to make a liberal use of the new means now offered of making announcements known to the public.

Placards, according to the taste of Advertisers, may be printed at moderate charges in ENGLISH or any of the NATIVE LANGUAGES at the *Bombay Gazette* Press. Estimates on application.

RATES.

Boards not exceeding 2 feet long and 2 feet broad Rs. 2 per month. For every additional square foot annas 8.

Thus a firm exhibiting a board, say 4 feet square, will have the advantage of having their business advertisement read by thousands of Passengers on one station platform for the trifling monthly expenditure of Rs. 2. Parties advertising on six Stations or more will be allowed a discount of ten per cent.; on twelve Stations or more twenty-five per cent.

The boards to be delivered at the *Bombay Gazette* Office, whence they will be sent by the Lessee to the various stations selected by the Advertiser. In the event of the contract terminating, the boards will be brought back to Bombay at the expense and risk of the Advertiser.

Special arrangements for long periods.
